Knowing Your Way Around the Rental Contract

Rental Process

In order to reserve the order, you must pay 25% to hold and guarantee the reservation. Your order needs to be paid in full two weeks prior to pick-up or delivery. This can be done with cash, check or credit card.

The down payment of 25% and the amount goes toward your balance.

At the time of paying for the reservation in full, we take 10% or \$25.00 (whatever is greater) security deposit. This deposit must be done on a credit card. It is fully refundable as long as items are returned and no damage has been done.

Cancellation

There is a 25% cancellation fee of the total order if reservation is cancelled more than 2 weeks prior.

There is a 100% cancellation fee if the reservation is cancelled within 2 weeks of the reservation date.

If a reservation is cancelled but rescheduled, there are no fees incurred. However, the same items may not be available, but we will do our best to find suitable substitutes.

There is no penalty if a reservation is cancelled due to extreme weather. i.e.: tornado, ice storm, blizzard.

What is the Damage waiver?

The damage waiver covers you if some kind of act of God damages or destroys the items while in your possession. You can decline the fee. Just know that if you do, you are fully responsible for any damages done to the items while they are in your care. The damage waiver never covers you if you deliberately damage the items. i.e. you or guest set something on fire or vandalize and deface something.

What is a Handling fee?

If you opt for delivery, you will also be charged a handling fee. Our delivery fee is a flat fee based on location, whether you have 1 item or 100. The handling fee takes into consideration the items, the load and unload time, and a charge is made accordingly.

In House Operation

We take pride in our in house operations at A-1 Rental.

Linens

Our facility includes three industrial sized washing machines, two industrial dryers, and two presses. To our knowledge we have the largest press in town. This enables us to prep all our linen production in house. After cleaning and pressing we package and bag our linens to keep them clean until they go out on rental.

Dishes

We have a restaurant grade dishwasher to handle all our silverware, China, glassware, and more. This machine keeps everything sparkly and spot free. Just like the linens, we bag or package everything to keep it clean for the next rental.

Misc.

A-1 spends the winter months meticulously maintaining their rental items, preparing for the warmer months and event season. This includes but is not limited to scrubbing all the tents, washing chairs, shining the silver, and touching up paint.

At A-1 we feel these processes make us stand-out. We maintain a quality control that couldn't be accomplished if we outsourced these jobs. What makes A-1 stand out more than anything is the strong family like atmosphere amongst the employees and their dedication and love for the job!

What I Wish I Knew

After-hours fees \$150.00

If we have to deliver, pick-up, or set up at a time not within our normal business hours, you will get charged this fee. If the job takes more than one employee, this fee will apply to each staff member needed. Reason being we do not have people staffed during these times, and there is a cost attached to this exception.

Site-checks

We are more than happy to do a site check. In fact we prefer it. We do charge a delivery fee for a site check but waive the fee if a reservation is made. Some jobs that are made easier by site checks are, but are not limited to, tents, pipe and drape, and lighting.

Free set-ups

Did I say free? Some services include free setup if you pay for delivery and pick-up. These services include chair cover set-up, pipe and drape set up. Our tents include free delivery along with your other items on your contract as long as you are within Columbia, MO city limits. (This excludes the OTC style of tent).

Borrowing

Do you have a reservation and want to see the rental in the event space? You can borrow an item for a reasonable amount of time at no charge as long as the item is available during the borrowing time period.

Received damaged, dirty, or broken rentals

If you receive damaged items, contact us immediately. We will do everything in our power to get you what you need replaced or fixed in time for your event. If you call us after hours, leave a voicemail and someone will get in touch with you as soon as possible. We pride ourselves in customer service. If we are unable to replace damaged rental items, you will not be charged for that item(s).

Cleaning your rentals

All rentals must be returned clean and in the same condition you received them. You're subject to a cleaning charge if items are returned dirty. This doesn't change our awesome in house quality control systems. All items are still cleaned or sanitized on return.

There is one exception to our cleaning policy. Linens can be returned dirty. From BBQ sauce to red wine, we can remove any nasty stain. Any linen returned with wax, mold, rips, tears, or burns will be considered ruined and you will be charged accordingly.

Mold?

When linens are moist or have food remnants on them, they can mold quickly when they are exposed to Missouri's humid or hot weather. This can happen even faster when dirty linens are in a closed vehicle or space for an extended period.

What is a 1 day rental?

Pick up during business hours and return the next business day during business hours.

What is a 3 day rental?

Pick up during business hours and return 3 business days later during business hours. Sunday's or major holidays never count as a business day.

Notes from a Profesh

ANNE CHURCHILL

OWNER OF ANNABELLE
EVENTS AND JUBILEE
PLANNING STUDIO

Following her dream of working for herself, Anne Churchill created AnnaBelle Events in 2010 where she plans corporate events and weddings.

In 2017 she launched her second business, Jubilee Planning Studio. Jubilee is Columbia's one stop shop for everyone planning events and weddings. The studio features coworking space and vendors for every event need.

I find when we are planning with clients many times they come to us considering buying vs. renting event and wedding items - like centerpiece decor, tableware and linens. Typically they turn to buying, thinking we don't have what they want locally or buying will save them money. As we talk through this we almost always find A1 Party & Event Rentals is our solution. Initially you don't think of all the added costs to buying items - pressing linens when you order them directly from a wholesaler, drying linens after use (before they mold, which happens as early as 12 hours from use), candles that will actually last your entire party and ensuring you are getting the right size and color you are wanting. By working with A1, we are able to rely on them for the upkeep of items and high quality. Plus if they don't have exactly what we need in the showroom, there are dozens of linen swatches and other suppliers they can source from. It's a rare occurrence that A1 can't find everything we need for clients. Our team at AnnaBelle Events exclusively uses A1 for all our local rental needs, it's an invaluable relationship and one we can always count on!

Testimonials

“ Love working with A1 Party Rental! Great inventory and fantastic customer service! ”

MARY BETH OF THE CLUB AT OLD HAWTHORNE

“ We can't say enough about A1 and their staff. Not only do they have the best selection of event rental equipment, but their staff continuously goes above and beyond for us. There have been countless times that they have taken care of last minute emergencies; even personally delivered equipment. Whether it's simple linens, or an entire event set up, they never fail to impress. We recommend their services to every client. Thank you all for all you do! ”

BEN OF PEACH TREE CATERING

“ We love referring brides to A-1! They have an amazing selection of rental equipment and the staff is so accommodating! We have worked with them at several events and can't say enough about this hardworking group. You will not be disappointed in their services! ”

CHRISTY OF THE INK CAFÉ

“ Anytime we're planning for an event, we always like to use a local vendor and turn to A-1 for any of our rental needs. KMC Events and our clients always appreciate their great customer service, delivery and setup, and their wide variety of inventory. ”

SHELLY OF KNORR MARKETING COMMUNICATIONS

“ Thank you for letting us rent from you on such short notice. Everything looked beautiful! You are a wonderful company to work with. We look forward to future business. ”

DELTA GAMMA

“ I've used A-1 in the past for several smaller events, but this weekend I used them for a larger outdoor wedding. They were so accommodating, were able to increase our order at the last minute, and delivery and setup were done with no assistance from me. They just picked up the order (tents, chairs, tables, linens, decor, etc.) and I am so thrilled with the overall service we received throughout the entire process. ”

Table Setting

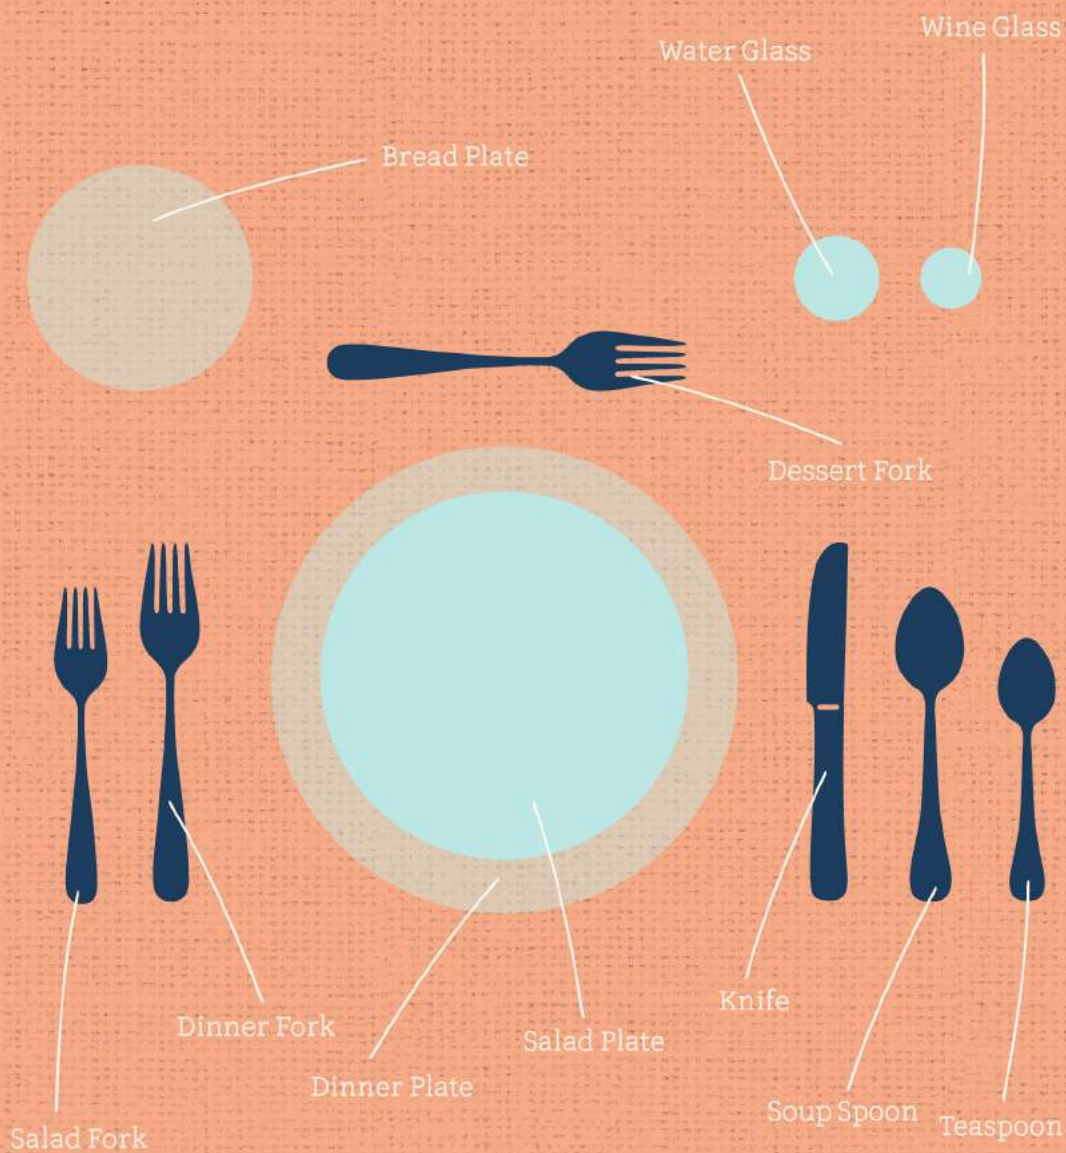

Are you worried you won't set your table correctly?

Here are some basic rules:

Utensils are placed in the order of use, from the outside in. Forks go to the left of the plate, and knives and spoons go to the right. And finally, only set the table with utensils you will use. Not serving soup? Then don't set a soup spoon. But most importantly just have fun with your design.

Napkin Folding

The possibilities are endless when it comes to folding the napkin on a table setting. So here are a few images to help you in your design. You can't go wrong with these classic looks.

Have the Comfiest Tent

SIZE

The size of the tent you choose will depend on how many guests you have. Make sure you have enough room for your band and dance floor.

SPACE

Consider having a series of smaller tents that are split for food, dancing and conversation. Be sure there's enough space to comfortably seat all of your guests.

DECOR

This is the place to make the tent your own. Custom lighting, wrapping tent poles in fabric, portable fencing and utilizing color are great ways to liven up your tent.

WEATHER

Tents mean you can celebrate in any weather. From rain to heat, snow to wind, there are always ways to make your tent work. Consider adding a floor or walls for wet or chilly weather.

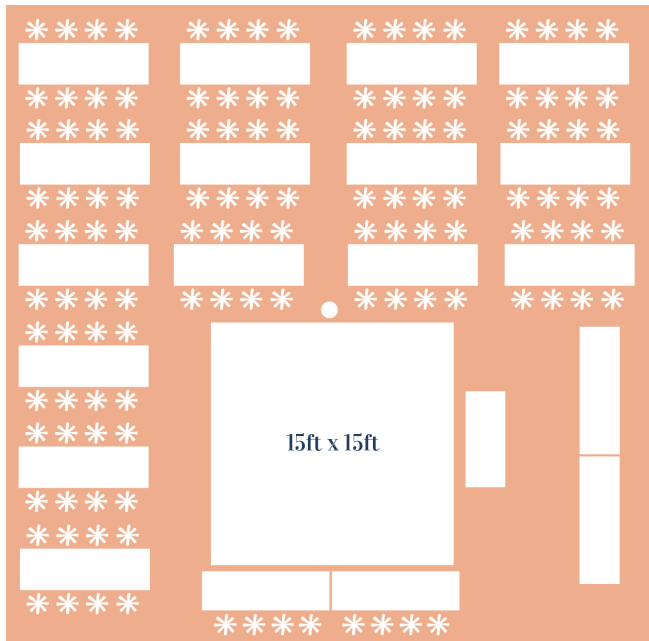

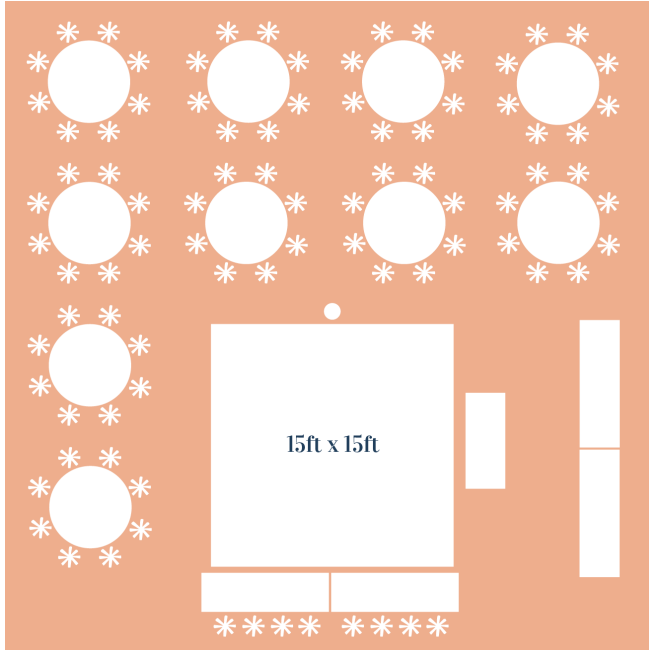

COMFORT

Depending on the weather, you might want to bring a few items to make sure you and your guests are at max comfort level. If it's cold, bring in a few space heaters. Pedestal fans are great for mild days and misting fans are perfect for events held in the heat of summer.
